## WILSON WELCOMED BACK HOME TODAY

Following Reception at Boston,  
President Goes to Mechanic  
Hall to Deliver Address

LANDS AT 11:50 A. M. TODAY

Confident Congress and People Will  
Approve Participation in League  
of Nations

(By United Press.)

Mechanic Hall, Boston, Feb. 24.—Following a reception at Boston, President Wilson went to the Mechanic Hall to deliver his address on the league of nations. The president's direct answer to the opponents of the league of nations in the senate was planned to lay the background for American support of his program. His preparation for the address followed a long conference on the George Washington last night and this morning with Secretary Tumulty. The president will not attempt to go into the details of the league of nations plan, in his address to the congress leaders, merely showing what he regards as necessary and what he believes will be the ultimate effect. The old hall building was crowded with people to hear the president's address.

Before the president started to deliver his speech, an address of welcome was made by the mayor. A salute was fired as President Wilson entered the hall at 2:40. The crowd giving a deafening ovation. John McCormick sang the Star Spangled Banner.

President Wilson landed at Commonwealth pier at 11:50 this morning.

When the president left the cutter at the pier, he passed through the ranks of a welcoming committee.

Leaving the pier, the parade progressed through the streets which were lined with thousands held back by ropes and by policemen.

A political automobile filled with officers preceded the president's car. On roofs were soldiers with rifles watching the throng on the streets and people in the windows opposite.

Twenty-two suffragettes were arrested near the state house where they had gathered, intending to ask the president about votes for women. President Wilson, returning to America today, is confident that congress and the people will approve participation of the United States in a league of nations.

Failure of America to sanction such a course would, he believes, be a great moral blot to the civilized nations now bending their efforts toward a just and lasting peace.

The president is convinced that

## PLOT TO ASSASSINATE WILSON IS FRUSTRATED

Secret Service Operatives Declare  
it Was Uncovered by Arrests  
in Philadelphia

SAY BOMB WAS TO BE USED

(By United Press.)

Philadelphia, Feb. 24.—Ten alleged leaders of a plot against President Wilson were arrested in a house here early today. Much seditious literature was found in the same building. The men under arrest are Cubans, Mexicans and Spaniards.

New York, Feb. 24.—In the arrest of fourteen Spaniards, police today asserted that they frustrated a plot to assassinate President Wilson at Boston. Secret service operators said they had evidence which will be used to prove some of the prisoners had planned to kill the president by the use of a bomb.

## WOULD EXPEDITE SHIPPING

"Sailing Day" Plan Will be Discussed  
at Meeting Wednesday

Rushville business men and other shippers are urged to attend a meeting in the lobby of the sheriff's office in the court house Wednesday morning at 9:30 o'clock when the much-discussed "sailing day" plan will be discussed. This scheme, whereby cars of merchandise for given cities will be made up on different roads on alternate days of the week instead of each road making up a car whenever enough merchandise is received, is hailed as a means of expediting shipping. For example, under this plan, the Big Four would have a Cincinnati car on Wednesday and all shippers would be urged to use that road on that day. The Pennsylvania division freight agent will be here to speak in regard to the plan.

## PLANS TO ATTACK REVOLUTIONISTS

War Minister Prepares for Fight in  
Munich, Dispatch Says—Minister Auer is Alive

NO RECOGNITION FOR SOVIET

(By United Press.)

Paris, Feb. 24.—War Minister Rofhauppper is preparing to attack revolutionists in Munich, who are being strongly reinforced, according to a Berlin dispatch today.

The dispatch also said that the interior minister, Auer, who was shot Friday and Count Arco-Valley, who shot Premier Eisner, are still alive.

Berlin, Feb. 24.—The German government announced its determination today to refuse recognition to the newly proclaimed Soviet republic in Munich. Military action was expected to be deferred, however, until Bavarians themselves are given an opportunity to overthrow the radicals. Spartan disorders are growing in industrial districts of Germany.

## NAVY DEMOBILIZATION VIRTUALLY COMPLETE

Assistant Secretary Roosevelt  
Makes Disclosures When He  
Arrives With President Today

U-BOATS DRIVEN OUT TO SEA

(By United Press.)

Boston, Mass., Feb. 24.—Demobilization of the American navy abroad is virtually complete.

Assistant secretary of the navy, Roosevelt, who landed with President Wilson, stated that "we now have to reclaim only a mine sweeping base in Scotland and the port facility for navy transportation, bringing the troops home. There are about 8,000 men being held to take over German ships allotted to the United States for transportation."

Roosevelt has been in Europe to complete demobilization work of the navy. He disclosed many hitherto unpublished facts of the American navy's participation in the war.

On the trip over Mr. Roosevelt disclosed to the officers and men of the George Washington how the United States had spent more than \$30,000,000 laying the mine barrage against submarines in the North Sea, and how, by the energy which the United States brought into the war, the submarines were driven away from the coasts, away from the mouths of the harbors, out to sea, where their deadly work would be more difficult, and how the entry of the navy into the war started an effective campaign against the U-boats.

## SENATE ACTS TO SPEED UP ACTION

With Only Two Weeks Left, Upper  
House Decides That Bills Must  
Have Unanimous Support

LIMIT IS PUT ON SPEECHES

State Tax Bill Which Was Passed  
by the House, is Handed Down  
to Senate This Morning

(By United Press.)

Indianapolis, Ind., Feb. 24.—Realizing that the end of the legislative session is drawing near, with a great deal of work yet to accomplish, the senate today adopted measures intended to speed up action.

On motion of Senator Furnas, the senate decided that no bills would be considered during the remaining two weeks of the assembly session unless they received unanimous support of the committee which had them under consideration. This, however, will not apply to political measures. The senate voted to limit all speeches to seven minutes.

The tax bill, which was passed by the house, was handed down to the senate this morning.

Lieutenant Governor Bush recommended that it be considered by the senate as a report of the committee as a whole. No action was taken on recommending it although the measure was not referred to a committee.

The Abrams bill, providing for a platoon system for the fire department in cities of the 1st, 2nd, 3rd, and 4th classes, was recommended for passage.

With the evident determination of keeping the state's expenses at a minimum during the next two years, the house of representatives again met as a committee of the whole this afternoon to discuss the general appropriation bill.

This is the second time the measure has come up before the house, adjournment having been taken last Friday when many protests were made against efforts to increase salaries of state officials through the appropriation bill. There was evident dissatisfaction among the members of the house with such attempts to make the pay of officials higher. Speaker Eschbach of the house declared that he believed that it would set a bad precedent to increase salaries in this manner, although he knew of no statute to prevent it.

The first item taken up this afternoon was that allowing the state board of health \$141,000. Of this amount, the appropriation bill provides \$50,000 for enforcing the pure food and drug laws, transportation, hotel expenses and other incidentals. Representative Smith of Princeton, protested that this was too high, and proposed that it be cut to \$20,000 the amount spent last year.

Smith declared that the total appropriations for the state board of health this year were \$67,000 higher than the expenses of last year, which he declared were abnormal because of war conditions.

The salary increase appropriations on which the house balked included \$1,500 additional for the secretary of state, bringing his annual wage up to \$7,500 and on an increase of \$500 for the audit clerk in the auditor's department bringing his salary to \$5,000 a year.

The house has approved a raise in the salary of the adjutant general to \$5,600 a year. The office of quartermaster general has been eliminated and the adjutant now does his work, thus making the position worth more, in the opinion of the representatives.

## BILL FOR REFERENDUM

Washington, Feb. 24.—A bill providing for a nation wide referendum on the league of nations was introduced in the house today by Representative Lundeen, Minnesota.

## THIEF CAUGHT AT SHELBYVILLE

Probably Same Man Who Attempted  
to Steal "Dope" Here Will be  
Tried for Robbery

BIG HAUL AT CONNERSVILLE

Used Same Camouflage There, Buying  
Corn Plaster and Going Behind  
Case to Apply It

About three weeks ago a well dressed young man limped into a local drug store and asked for a corn plaster. He also requested that he be allowed to go behind the prescription case to apply it. The local druggist had been warned beforehand that this trick was being played in order to secure morphine. As a result he was closely watched and was unsuccessful in his attempt. The other local drug stores were warned to be on guard for this fellow and the police were told about the case. Perhaps the would-be thief was warned or felt that he was being hunted and did not stay long as no more was seen of him that day.

Judging from reports, he probably went from here to Connersville and was more successful there than he was here. He did the same trick there and secured five hundred quarter grain morphine tablets, two hundred and fifty half grain tablets of the same drug, and a bottle of refined opium at the Alligator Drug Store. He also secured four hundred and fifty quarter grain morphine tablets from the Corner Drug store.

Saturday morning the authorities at Shelbyville arrested a young man there who was trying the same trick and who is said to be responsible for the Connersville thefts. The man will be tried in Shelbyville on a charge of grand larceny, and perhaps the federal authorities will handle him also, because of his tampering with the forbidden opiates.

This man was not a "dope" fiend to all appearances and it is thought that he handled the "dope" for the financial gains. It is believed that he had been stealing in this manner in several parts of the state, and having a colleague to help him, would sell the dope to those who had come under its terrible power, and had not been relieved from the terrible appetite it sets up in the victim.

The news of the discovery of the thief comes as a great relief to the Connersville druggists, who are held to a strict account by law, for all the "dope" they have on hands, and who were wondering how they were to make their report to the state, in the face of an absence of such quantities of the drug, under circumstances which they could in no wise account for.

## REPUBLIC IS PROCLAIMED

Soviets In Second City in Bavaria  
Control Government

(By United Press.)

Paris, Feb. 24.—A Soviet republic has been proclaimed in Muremburg the second city in Bavaria, according to a dispatch information today. In Augsburg where an outbreak occurred Friday night, mobs are said to have pilfered stores and occupied city halls and newspaper buildings. Twenty-two were reported killed and hundreds injured in the clash with the government cavalry.

## IS OUT OF DANGER

Paris, Feb. 24.—Premier Clemenceau was believed to be out of danger today. It was expected he might be able to carry out his intentions of resuming his official duties tomorrow.

## SERGT. ELI KINNEY IS BACK

One of First Selectives Leaving  
County at Camp Merritt.

Sergt. Eli Kinney, son of Mr. and Mrs. D. M. Kinney of West Tenth street, one of the quartet of Rush county young men forming the first contingent of selective men to leave Rushville, arrived in the United States Saturday, according to word received by his parents, and is now at Camp Merritt, N. J. He is expected home in a few days. Sergt. Kinney was in training at Camp Taylor, Ky. and Camp Sherman, O., and went overseas with the 84th division, in which there were a number of Rush county boys. There is no certainty that any returned home with him, however, because the division was split up in France and used as replacement units.

## MOTION FOR NEW TRIAL ARGUED TODAY

Judge Sparks Hears Argument in the  
Case of State Against J. B.  
Tribbey, Sentenced to Jail

WILLIAM COOK IS DIVORCED

Judge Sparks this afternoon heard the argument in the circuit court on a motion for a new trial in the case of the state against John B. Tribbey of Posey township, who was found guilty by a jury early last Thursday morning and sentenced to serve thirty days in jail and pay a fine of \$50 and costs. Mrs. Blanch Alsmen, who was indicted for the same offense as Tribbey, is to be placed on trial tomorrow.

The court has awarded a divorce to William Cook against Annabel Cook, upon payment of costs, and enjoined the plaintiff from marrying for a period of two years.

The claim of Helen Myers of which she is executor, was allowed by Judge Sparks after he heard the evidence. Judgments against the Capp Plumbing and Electrical company for \$93.44 in favor of the H. W. Johns-Manville company and for \$55.66 in favor of the Central Supply company, were awarded by the court.

## INSANE MAN ADEPT AT PICKING LOCKS

George Zimmerman Twice Opens  
Door From Cell Room to Residence  
Part of Jail.

HAD NO DESIRE TO ESCAPE.

As a lock picker, George Zimmerman, age 46, who is being held in the county jail until he is admitted to the insane hospital, demonstrated Sunday that he is superior to any prisoner ever inhabited the jail. Although apparently harmless and having no desire to escape from jail, he persisted in opening the door between the cell room and the residence part of the jail yesterday. Zimmerman, who has been employed as a farm laborer in this county, was brought here last Friday by Tom Ertle of Washington township, after he had stopped at Ertle's home and by his actions made it plain that he was unbalanced mentally.

Zimmerman opened the door the first time Sunday afternoon with a half dollar and was found wandering around on the second floor. He was watched more closely afterwards but succeeded in opening the door with an old spoon. After being put back in the second time, Zimmerman worked tirelessly in an effort to open the door again. Zimmerman was declared insane by a lunacy commission Saturday afternoon and will be taken to the state hospital at Madison soon.

## LACK OF INTEREST MAY BEAT HOSPITAL

Many Willing to Wager Not Fifty  
Percent of the Voters Will Cast  
A Ballot Motion.

OTHERS MORE OPTIMISTIC.

Lukewarm Attitude of People Due to  
Fact No Organized Campaign  
Was Undertaken

A bill to reduce the election board in each precinct has passed the legislature and will be signed by the governor this afternoon, county officials announced today. The officers will be reduced to one inspector and one clerk, thus greatly reducing the cost of the election. This will take effect this afternoon and the officers for the special hospital election will be reduced to one inspector and one clerk.

Many were offering to wager today that not fifty percent of the voters of the county would cast a ballot in the county hospital election tomorrow. Although there have been many discussions over the erection of the proposed hospital, the special election has not aroused as much interest as it is believed the question merits. Some persons were found who were optimistic and said the people had taken a greater interest than outward indications showed.

No well organized campaign either for or against the hospital has been attempted, which may account for the lack of interest in the project. While many in sympathy with the hospital movement believe it would be of greater value in Rushville, it is not believed a very large number of this class will allow their opinions regarding the location to lead them to vote against the hospital.

The greatest fear of those favoring the hospital is that not enough voters who would vote for it, if the issue were put squarely up to them, will go to the polls because of a lack of interest, to offset the votes of those who are opposed, mainly because of the supposed expense, and who will take the trouble to vote against it.

The voting places are given herewith, for the information of voters, who should remember that with few if any exceptions they will vote in the place where they voted at the general election:

## DIXIE DOUGHBOYS ARE GOING BACK TO FARM

Ask That Provisions be Made for  
Them on Their Return to Land  
This Year

### MAY ADOPT INTENSIVE PLAN.

(By United Press.)  
Columbia, Tenn, Feb. 24—Back to  
the farm is no imaginary movement  
among the soldiers in the A. E. F.,  
if letters received from many Ten-  
nessee boys now overseas are to be  
taken as accurate indications.  
Scores of these soldiers have  
written to relatives and friends ask-  
ing that provisions be made for them  
to farm this year. One officer who  
was not a farmer before going to  
war has asked his father to have a  
farm ready for him when he re-  
turns.

Others who shunned farm work  
before going to France seem to have  
caught the fever and are asking for  
land to rent or buy. Practically ev-  
ery man from this section who  
farmed prior to entering the service  
has gone back to tilling the soil up-  
on being discharged.

It is thought that the intensive  
methods of the Europeans will be  
adopted by the soldiers when they  
return, thereby increasing the pro-  
duction of Tennessee farms.

## AN IMPORTANT FACTOR IN CUTTING SHOE EXPENSE

"Many months of comfort at little  
expense" is the way Charles A. Pear-  
son of San Diego, California, sums up  
his experience with Neolin Soles. Mr.  
Pearson had two pairs of shoes re-  
soled with Neolin Soles, and after  
wearing them for twenty months  
writes "I will have to get new shoes  
sometime, but so far as the soles are  
concerned, that time seems as far  
distant as when they were new."

This is typical of the experience  
millions are having with Neolin Soles.  
Created by Science to be durable,  
flexible and waterproof, these soles  
are an important factor in cutting  
shoe expense. You can get them on  
new shoes for the whole family, and  
for re-soles. They are made by The

The president's return finds what  
he regards as the biggest part of  
his job abroad completed, formula-  
tion of the league covenant. The big-

league is held by the president to be  
a solution of the Russian problem,  
which, according to latest reports, is  
still much confused.

## OHIO COLLEGE GIRL TESTED & PROVEN

There is a Heap of Sojace in Being Able to Depend Upon a Well-Earned Reputation

For months Rushville readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is apt to have more or less trouble with his kidneys. At times I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, causing me to get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug Store and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-Milburn Co., Mfgs. Buffalo, N. Y.—(Adv.)

**The Reason Why**

**We Can Guarantee**

If a machine is to be guaranteed for five years it must be built so it won't break down. Every part must be as strong as the rest—no weak points. Something besides "bullstrength and awkwardness" has been brought to bear in the production of the RUSHVILLE SPECIAL Spreader. The theory in developing this spreader has been to remove the unnecessary strain throughout the entire machine, so that the natural strength and staying qualities of good material and good workmanship, could develop the greatest possible strength and durability.

It was on this theory that the BULL DOG beater wheel and the NO-CHOKE Box were conceived and embodied as a part of this machine. These two features reduced the strain and heavy wear on the RUSHVILLE SPECIAL so that at least 30% of the usual strain on other spreaders is absolutely cut out by these inventions.

The SELF-OILING journal bearings, the Litchfield style of a single lever which starts, stops and regulates all parts of the machine, and the general simplicity cuts down the possibility for trouble and breakage to such an extent that the machine is practically "Fool Proof."

The front construction which the circle front and the Litchfield Style of bracing from the front axle to the cross bar under the machine, the END-LESS conveyor with the SELF-CLEANING hinged sections, the self-aligning beater wheel bearings, the riveted teeth in the cylinder bars, the cross trussed and re-inforced frame, the steel hub wheel and other special features found only on the RUSHVILLE SPECIAL Spreader, all combined give the great strength, durability and long life which enables the Litchfield Mfg. Co. to give every purchaser of a standard spreader a written contract guaranteeing it for five years.

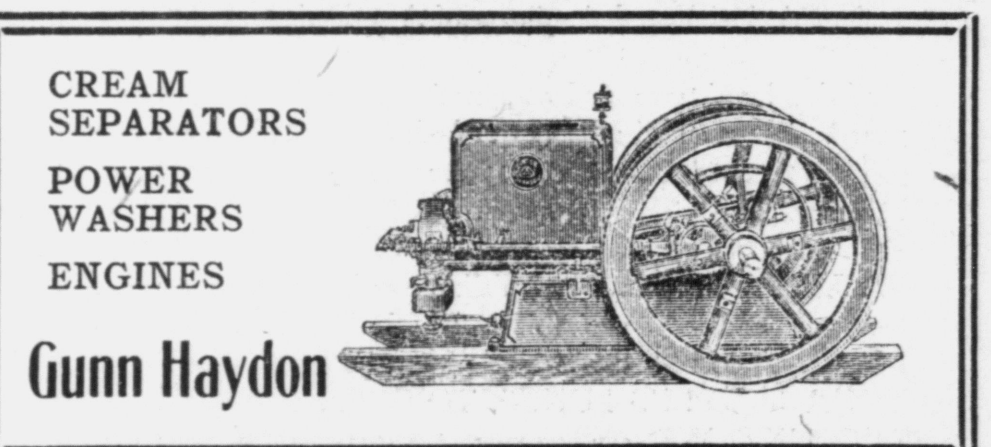

All possible cause for trouble, breakage, and accident are studiously removed and overcome. This statement is strong and so is the machine. The Company is behind it and so am I.

## The Drive Organizations.

Some of the country's leading bankers said not more than \$500,000,000 could be raised by a popular subscription to the Liberty bonds. These men must have opened their eyes when nearly \$7,000,000 came rolling in.

One of the most remarkable war achievements was the creation of the enormous machine of volunteer solicitors for the various drives, covering small villages as well as large cities. At first it proved difficult to get solicitors. Some of our most forceful talkers who thought it strange the war work did not go better, were very eloquent in their excuses, when asked to get out and solicit. But gradually it appeared that there are many people with public spirit, willing to work. The war ended with a superb organization of volunteer money raisers.

These constitute a force of untold power for community purposes which should be kept alive. About every year in every community, there

should be one big sweep for the various causes that appeal to everybody.

Town progress is held back by difficulty in raising funds. Some people are more afraid to walk up to a man's front door and ask him for a fiver, than our boys were to go up against a Boche with a saw-toothed bayonet. They should not be. A solicitor for a community cause represents the conscience and progress of his town. The man to slink off with his tail between his legs, is the one who won't give his share. There is money enough in Rushville for everything the town should have. It is merely a question of systematic soliciting to show people that if they want the town to go ahead, they must "come across".

There was an efficient force of war drive workers here. They should keep up the organization and use it for community drives for local public causes.

## Let the League do it.

The president of the U. S. Food Administration Grain Corporation "protests that America shall not place the power to name the value of its products in the hands of any concentrated buying agency, no matter how friendly." But why not give that power to the forthcoming League of Nations? We are to give that League the power to say when we shall go to war; we are to give that League power to say when we shall send our citizens overseas as soldiers to settle the international disputes of Europe; we are to give that League power to determine innumerable questions regarding our international relations—why not give the League power to say what price we shall sell the wheat for which the government is to pay the farmers \$2.26? Are not a few million dollars of less consequence than our international relations and the lives of our soldiers?

Some people say they won't ad-

## PURDUE SHORT COURSE ON ORCHARDS MAR. 1

Care and Management of Orchards Will be Discussed in Detail by Prof. Burkholder

## TO STUDY PROPER SELECTION

Lafayette, Ind., Feb. 24.—"An apple orchard must be properly started in order to lay the foundation for future success. A poorly started orchard rarely turns out to be anything but a disappointing failure", says C. L. Burkholder, of the Purdue University horticultural extension staff.

Some of the things of fundamental importance in starting a young orchard are proper selection of varieties and their weak and strong points in different sections of the state. Some varieties have a tendency to bear annually, others biennially. This is an important point to consider in choosing varieties for commercial orchards. The Grimes Golden, one of the most profitable kinds in Indiana, has a tendency to show collar rot. How this fault can be overcome will be discussed by Burkholder at the Fruit Growers' Short Course to be given at Purdue University March 1.

The soil management in young apple orchards during the first few years is of utmost importance in the final success of the orchard. Methods of planting and proper setting as regards to pollination will be discussed. The handling of orchards in hilly sections of the state also will be taken up in detail, by Prof. Burkholder, who has taken up the study of commercial orchards in detail.

**DR. WALKER SPEAKS TONIGHT**

Dr. J. M. Walker, district superintendent, will make a talk at the Win-My-Chum service of the Epworth League to be held at the Methodist church this evening from 7:30 until 8:30 o'clock. Dr. Walker is particularly interested in young people's work and is a powerful speaker. The Rev. C. S. Black and Mrs. George Hogsett will sing a duet.

Last night's meeting gave the week's services an enthusiastic start with several inspiring talks and musical numbers bearing on the subject "Winning My Chum." Dr. D. Ira Lambert of the First Presbyterian church gave an excellent address, urging the young people to use their influence in bringing others to Christ. His talk was well illustrated with a number of well told stories. E. B. Thomas closed the meeting with another good talk on the rare opportunity open to the young people during the coming week.

The service will be held each evening this week with the exception of Saturday, at 7:30 o'clock, and everyone is urged to attend.

**Serial Picture at Mystic**

"The Lure of the Circus," a continuation of the same picture will be shown at the Mystic theatre tonight.

When Eddie Polo was appearing in the various episodes of "The Lure of the Circus," the sensational serial in which he has created a furore in motion-picturedom, one of the scenes called for an escape from a huge lion.

"You're all wrong, mister," Eddie told the director. "It isn't done any more. If I went in there and escaped, nine-tenths of the picture fans would cry 'fake.' I'm going in against that big fellow in the menagerie and I'm going to show you a regular honest-to-goodness battle."

There was a battle, the like of which nobody in pictures ever saw before, but in the end, Eddie, who comes from a family of famous circus performers and lion trainers, was the victor.

"Now stop the camera," he called, and when the cameraman heaved a sigh of relief, Eddie forced the giant Nubian to lie down. Then Eddie stretched out beside the animal and shouted:

"Start turning again and you've got a picture the fans will howl their heads off about."

## NEW SALEM BOY TO ENTER WEST POINT

Corporal James P. Moore Appointed by Rep. Elliott and is Studying While With A. E. F.

**ENLISTED IN THE ARMY AT 17**

One Rush county boy at least will make the army his choice for the future when he arrives from "over there." Corporal James P. Moore, Battery D, 16th Field Artillery, A. E. F., will enter West Point Military academy and fulfill his ambition for a higher education, and qualify for a commission in the regular army according to word received here. Corporal Moore is the son of Mrs. Rose Moore of New Salem. Corporal Moore enlisted when he was 17, leaving high school to do so.

Corporal Moore wrote to Representative Elliott some time ago and expressed his desire to make the military life his choice, and asked that he be appointed to West Point. Representative Elliott had an appointment to make and he immediately did so for Corporal Moore. As a result, he is attending a special school in France so that he will be better prepared to pass the entrance examination to the Academy. West Point is one of the best schools in the United States and as a military academy ranks among the first in the world. The work given there is of the highest standard and Corporal Moore friends hope he will realize his high ambitions for a better education and qualify for a commission as an officer in the United States Regular Army.

## The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres.

Disc twenty acres with a seven-foot tandem disc.

Harrows forty-five to fifty acres with a 15-foot harrow.

Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator.

Harvest ten acres with a corn binder.

Cut twenty acres of wheat with an eight-foot binder.

Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

## A FEW REASONS WHY WHITTALL RUGS and CARPETS ARE SOLD BY US

No Rugs or Carpets made in America compare with Whittall's in quality, design and coloring. These facts are recognized where Whittall goods are known, and you have only to see these beautiful floor coverings to grow as enthusiastic in their praise as we have been since we began to feature them five years ago. All Whittall designs are faithful productions of the choicest Orientals. The yarns used are all imported from the Orient, and the best vegetable dyes only make their fast colors, which are as durable as possible to produce. They are made in the widest range of sizes, in six different grades.

Mr. Gordon and niece Miss Mary Gordon,

Among the many social events given in honor of the house guests of Miss Henrietta Coleman, the Misses Genevieve Brown and Helen Scott of Winamac, Carrie Ong of Columbus and Ruth Bozell and Miss Conte of Indianapolis, was the Bridge party given by the hostess at her home in East Sixth street Saturday afternoon. The guests enjoyed the afternoon playing Bridge, and Miss Conte rendered several vocal selections. At the close of the affair a delicious luncheon was served.

Saturday evening Miss Coleman entertained informally for her house guests.

The Misses Nora and Mary Sleeth gave a prettily appointed farewell tea party yesterday afternoon in honor of Miss Coleman's house guests. The spacious rooms were decorated with bouquets of spring flowers and the afternoon socially over the tea tables. The guests left late yesterday afternoon for their separate homes.

Miss Conte was guide for Miss Coleman, Miss Ong, Miss Brown and Miss Scott when they went abroad during the summer school vacation a few years ago.

Miss Margaret Cooning was the gracious hostess last evening when she delightfully entertained a number of her friends with a pitch-in supper at her home, in North Sixth street, the occasion being her birthday anniversary. The rooms of her home were all decorated in red, white and blue crepe paper, draped from the ceiling. On the table at which a three course supper was served at seven o'clock, were two dolls dressed like Martha and George Washington, holding red, white and blue ribbons, extending to the places and tied to small red, white and blue hatchets that served as place cards for the guests. The Misses Margaret Kirk and Florence Cooning served the different courses of the meal and Miss Libby Schatz furnished the music for the evening. The afternoon and evening was spent in dancing and playing different games. About ten o'clock a light luncheon was served to the guests who included the Misses Margaret Cooning, Stella Offatt, Mary Ellen Hughes, Ruby Sparks, Mildred Kirk, Gladys Leyden, Marie Perkins, Libby Schatz, Frances Dugan and Ruth Smythe of Connersville, Lindley Taylor, Roy Linscott, Roger Kennedy, Ross Tweedy of Carthage, Harry Bever of New Salem, Herbert Martindale, of Milroy, Clyde White, Clarence Jordan, Walter Stevens and Wayne Daubenspeck.

## IT IS TRUE

That not much building is being done these days, but folks are improving their old homes instead of building new ones.

Interior decoration is getting considerable consideration. Many people are keeping that promise they made to themselves—"To paper those rooms as soon as the war is over." Now is the best time for you to keep that promise, too, while our stock is new and fresh.

Many of our customers have been so pleased with our 1919 decorations they have made selections for every room in the house and are having it applied now to avoid the usual spring "Rush." Why not profit by their wisdom and make your selections soon? We are glad to suggest appropriate combinations.

## INTERNAL REVENUE AMOUNTS ARE FIXED

Collectors are Receiving Frequent Inquiries Concerning The "Gross Income."

RETURN MUST BE COMPLETE

Taxpayer is Required to Account for Practically Every Dollar Earned in 1918

Collectors of Internal Revenue are receiving frequent inquiries as to the amount to be included under "gross income" in their income tax returns.

In making out his return of gross income, the taxpayer is required to account for practically every dollar he received during 1918. The following items must be reported.

Salaries, wages and commissions for personal services, including bonuses.

Interest received on notes, and deposits in banks including savings banks.

Dividends on stock, whether received in cash or stock.

Only dividends paid out of earnings or profits accrued since March 1, 1913 are taxable but dividends are deemed to be distributed out of the most recently accumulated earnings.

Profits resulting from purchases and sales of property, real or personal. If the property was purchased before March 1, 1913 the profit is based on the difference between the selling price and the fair market value or price as of March 1, 1913.

Profit from stock market transactions.

Income received from fiduciaries, is amounts received from income of estates, trusts, etc., through trustees, administrators or executors.

Net partnership profits, whether divided or distributed or not.

Royalties from mines, oil and gas wells, patents, copyrights and franchises.

The following items are not taxable and need not be included in the return:

Property received as a gift or by will or inheritance. It must be understood, however that the income derived from such property is taxable.

Proceeds of life insurance policies.

Returns of premiums on life endowment and annuity policies.

Interest on securities issued under the provisions of the Federal Farm Loan Act of July 17, 1916.

Amounts received through accident or health insurance, or under workmen's compensation acts, plus the amount of damages received, whether by suit or agreement on account of such injuries or sickness.

Amounts received during the war by a person in the military or naval forces for active service up to \$3,500.

Interest on obligations of any state or political sub-division of a State, such as a city, county, town or village and the District of Columbia. Interest on obligations of the United States is exempt, except that interest on obligations issued after September 1, 1917, is exempt only to the extent provided in the Liberty Loan Acts.

Interest on Liberty Bonds to the par value of \$5,000 is exempt from all taxation. Holders of large amounts of Liberty Bonds are advised to consult their bankers or collectors of internal revenue as to their interest exemptions.

### CAPTURES CONVICT ESCAPED FROM PRISON

Friends of Jerry Scott Are Urging  
That Some Sort of Medal be  
Awarded Him

### MARCHES MAN TO OFFICERS

(By United Press.)

San Rafael, Cal., Feb. 24.—Friends of Jerry Scott 17, are urging that some sort of a medal of honor be given the lad.

Jerry, who is a Boy Scout, was told by his mother that a rough looking man who looked like an escaped convict, was in the back yard of their home. He shouldered his rifle and went to investigate.

The man proved to be George Godfrey, a figure of six feet and 200 pounds, who had escaped the previous night from San Quentin prison.

Jerry recognized him. He forced the convict to elevate his hands and marched the man two blocks up the street to officers of the law.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

### GUN THAT FIRED UPON PARIS STILL A MYSTERY

American Officers Attempted to  
Elicit Some Details of the Big  
Pieces From Germans

### SECRET FROM HUN OFFICERS

(By United Press.)

With the Third Army on the Rhine, Feb. 2. (By Mail)—The secret of "Big Bertha," the huge gun that fired upon Paris, still is jealously guarded. From a commission of high German artillery experts sent to confer with the Third Army, American officers attempted to elicit some details of the big guns.

The German officers frankly admitted that they knew little about it. They declared that information about the "Big Berthas" was kept secret even from the highest German artillery officers. Only few specially picked officers knew of the locations or details of the monsters, and the crews of picked men were sworn to secrecy and kept isolated from other soldiers.

The crew were under oath to commit suicide to avoid capture or revealing information about the guns. The German officers claimed they did not know what became of the guns after the armistice, but believed they were destroyed.

### MEASURE MAY BE AMENDED

Efforts Will be Made to Change  
Anti-German Bill in House

(By United Press.)

Indianapolis, Ind., Feb. 24.—When the McCray bill preventing teaching of German in grade schools of the state, comes up for second reading in the house, probably late today efforts were to be made to amend the measure, so that it will include all foreign languages. The bill now specifically prevents teaching of German, or by use of the German language. Representative Lowe declared that he wished to see that all foreign languages, and not only German, were eliminated from the grade schools of the state. One foreign language is apt to cause just as much harm as another, he declared, as the object of the entire legislation was to aid in the Americanization movement.

There are 3,000 English words that are not found in most dictionaries.

### Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. ### JOHN DAGLER LEASES HENRY COUNTY TRACK

One of The Widely Known Trainers  
of Light Harness Horses Will  
Conduct Training Stable

### FORMERLY OF THIS CITY

The following story from the Newcastle Courier tells of John Dagler, formerly of this city, leasing the Henry county fair grounds to conduct a public training stable:

John Dagler, one of the widely known trainers and drivers of light harness horses, has leased the Henry county fair grounds and will establish a public training stable. Mr. Dagler has just disposed of his interests at the Reidston farm near Richmond and is preparing to move to Newcastle. The coming of Mr. Dagler to Newcastle and the opening of the training stable at the fair grounds is expected to stimulate interest in the harness game in the county. Under his arrangement with the fair board, he takes the track and grounds for one year.

He will bring several head of horses with him, including John Lackey, who was a sensation on the tracks in eastern Indiana last year. He has a place for three or four good horses in his stable and the prospects are bright for a successful season. Mr. Dagler was in the city today and will move here shortly. He is a member of the well-known Dagler family of horsemen of Rushville and has been a successful trainer for many years. In coming to Newcastle, Mr. Dagler recognized the track here as one of the best in this part of the state and there promises to be plenty of activity at the track this coming spring and summer.

### AUTOS WERE ABOUT TO BECOME VERY SCARCE

Only 3 Days Supply of Machines  
Left When Armistice Was Signed  
Nov. 11.

### CURTAILMENT CAUSED DEMAND

(By United Press.)

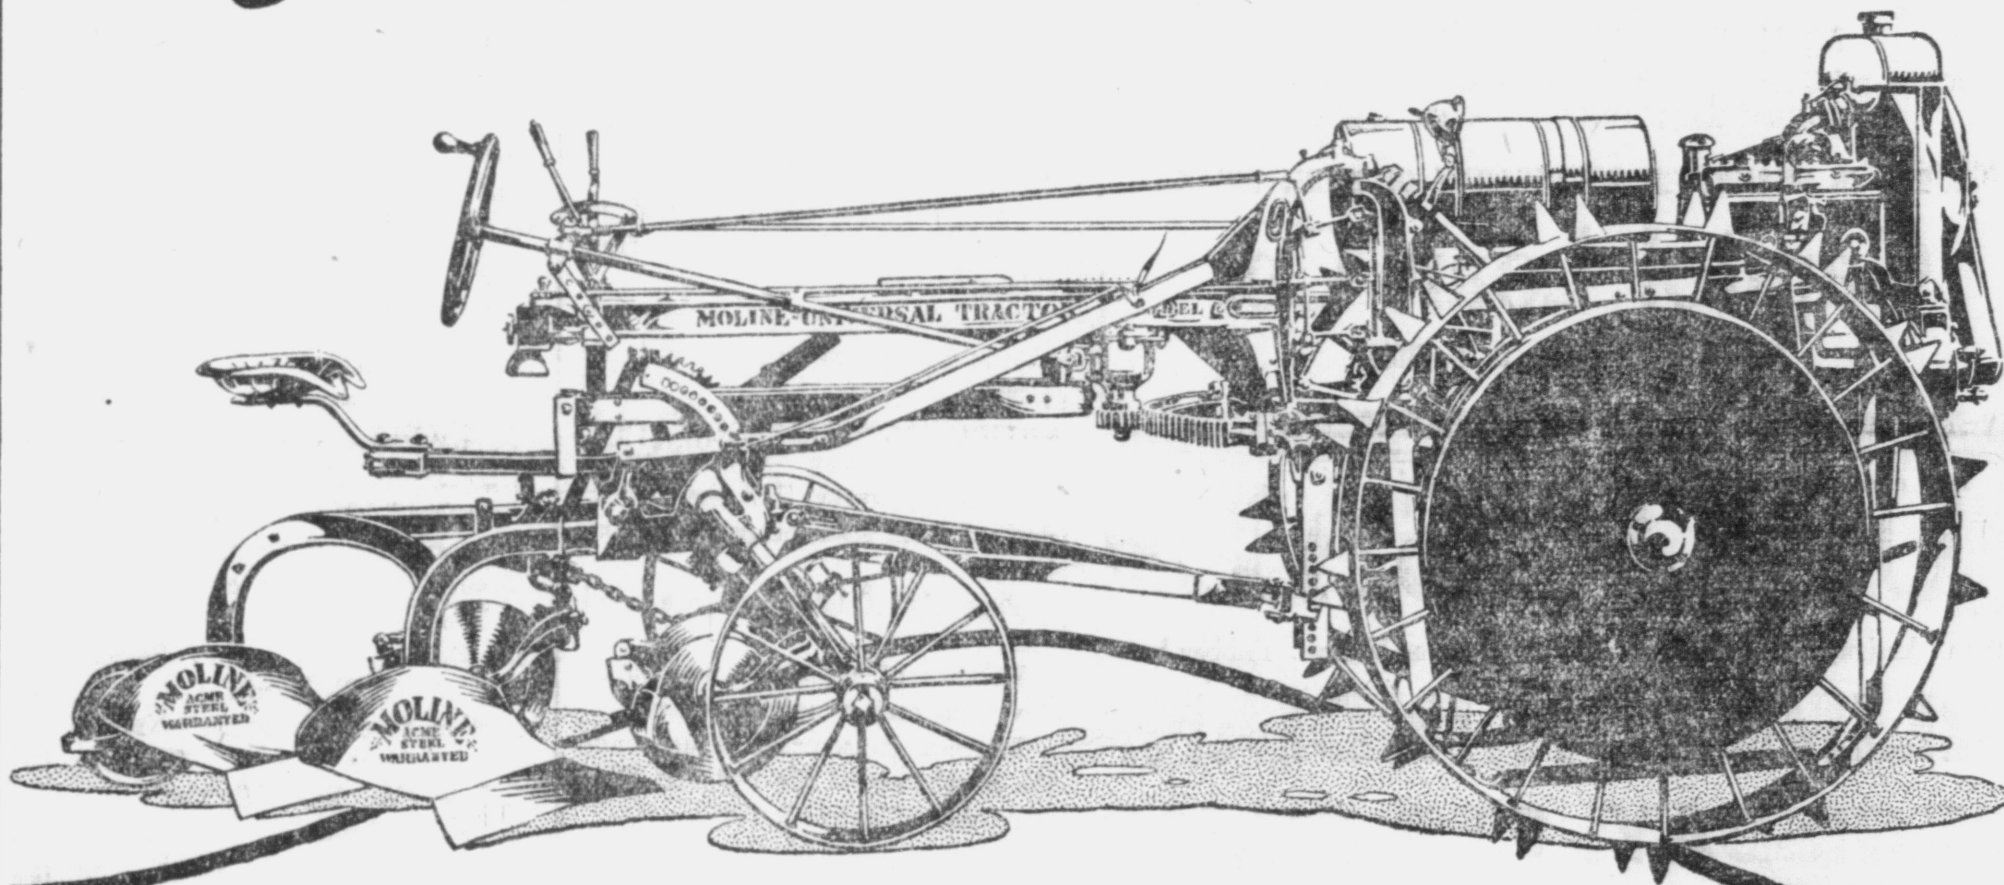

Washington, Feb. 24.—Only three day's supply of new automobiles were left in the hands of manufacturers on Nov. 11, when the armistice was signed, according to the report of C. C. Hanch, chief of the automobile products section of the war industries board.

The curtailment of manufacturing during the war built up the biggest demand the country has known for several years, the report indicates, and a period of great activity among the passenger car producers is indicated.

Some months will be required for manufacturers to reconvert their plants from war plants back to the normal basis, and the production of cars for 1919 probably will not reach the figures of 1917 when the production passed the one million mark.

Normal production on a large scale in the bigger plants probably will not be reached before next summer.

You may not be able to get a Moline Universal if you delay ordering.

You will help relieve spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on belt work and other light jobs.

It is the only tractor which does all farm work including cultivating.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-ft. circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs. All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service.

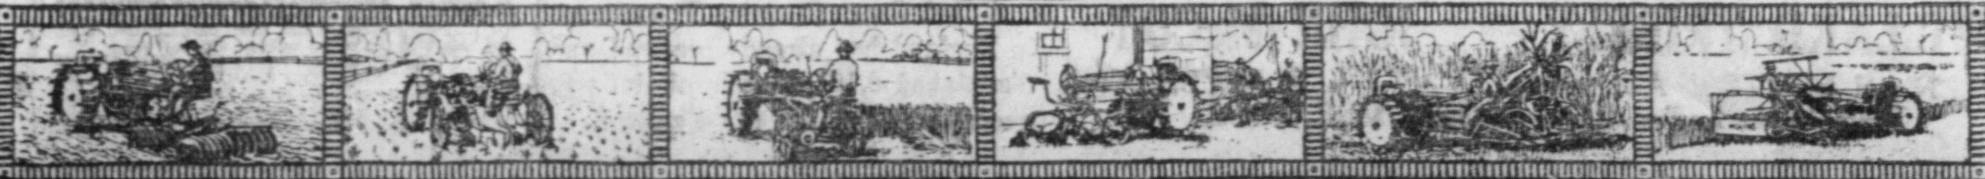

Electric lights for night work and self starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it, order now.

PEACERS MUST BRING SEA TO MANY NATIONS

States to Consider are Poland, Hungary, Bohemia, Bulgaria, and Turkey, Which Has no Harbors

EACH FIGHT FOR OWN RIGHT

(By United Press.)

Paris, Feb. 1. (By Mail.)—One of the nice little mathematical problems the peace conference has to solve is how to make a maritime power out of a land-locked one.

The states now facing this problem are Poland, Hungary, Bohemia, Bulgaria and the new Turkish empire of Asiatic Turkey, the two latter being deprived of access to the sea only in case the peace conference accepts the Greek solution of the near-east problem.

Poland is fighting hard for some sort of settlement that will enable her to have a Baltic sea outlet at Danzig, Prussian territory lies in the way, but Prussian territory no longer is considered much of an obstacle.

The Hungarian state that presumably will result from the dismemberment of Austria-Hungary as well as Czechoslovakia, appear to be thoroughly shut off from the sea.

Greece wants to cut Asiatic Turkey and Bulgaria off from Salt water, and make Constantinople either Greek or international.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate, Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleansin Capsicum, Kelo.

DAILY HEALTH TALKS

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backache, headache, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

Make the Pennies Bigger

When James Buchanan was President and tall beaver hats were in vogue; when gentlemen wore broad cravats and ladies wore hoop skirts the pennies they tossed to children were as big as quarters. But the cart-wheel coppers your grandfather got for keeping his lace collar clean were not as big in buying power as the pennies of today.

A penny then might buy a pastry, or ten of them to take one to the Fair, but your great-aunt and great-uncle couldn't have gone to a movie at any price.

Your great-granther may have driven the fastest horse in the country and paid a tidy sum for it. But the price of a stable of thoroughbreds would not have bought him a fliver.

Sixty years ago the ladies could go shopping for dry goods and buy silks that would make you green with envy, linens that were linens and broadcloths that beggar description. But what their favorite store did not have they usually got along without.

You can pick up your daily newspaper and in fifteen minutes you can know what the different shops are offering in fabrics, patterns, varieties and qualities that great-grandmother never dreamed could be gathered together under any conditions.

Times have changed, and so have merchandise and business methods. One of the influences that has helped to bring about so

much of change, that has helped to multiply opportunities and increased the spending size of our pennies is advertising.

Every merchant, every manufacturer knows that advertising materially reduces selling costs by increasing the demand for and the distribution of the products of hundreds of thousands of mills. Indeed many of the things we count today as necessities or simple luxuries could not be made and sold at their reasonable prices except as advertising has created a broad market for them, making millions of sales at little prices and little profits.

And so you owe much to advertising. You owe much to the people of yesterday who have read and been influenced by past advertising and so have made possible the economies and varieties and wide distribution of merchandise that you enjoy.

You owe present advertising a thorough reading. A greater familiarity with advertised merchandise makes continually for the increasing size of your pennies.

SENATE IS READY FOR BILL

Is Prepared For Rapid Work on Tax Law When it is Received

(By United Press.)

Indianapolis, Ind., Feb. 24.—The senate today was prepared for rapid work on the state tax law, as soon as it is received from the house. As the bill contains about 140 printed pages, engrossment will take several days.

Senators McCray, McConaha, Douglas and Grant are on the conference committee appointed by Lt. Gov. Bush to confer with house members regarding some amendments which the lower house committee wishes inserted.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

## WILSON WELCOMED BACK HOME TODAY

Following Reception at Boston,  
President Goes to Mechanic  
Hall to Deliver Address

LANDS AT 11:50 A. M. TODAY

Confident Congress and People Will  
Approve Participation in League  
of Nations

(By United Press.)

Mechanic Hall, Boston, Feb. 24.—Following a reception at Boston, President Wilson went to the Mechanic Hall to deliver his address on the league of nations. The president's direct answer to the opponents of the league of nations in the senate was planned to lay the background for American support of his program. His preparation for the address followed a long conference on the George Washington last night and this morning with Secretary Tumulty. The president will not attempt to go into the details of the league of nations plan, in his address to the congress leaders, merely showing what he regards is necessary and what he believes will be the ultimate effect. The old hall building was crowded with people to hear the president's address.

Before the president started to deliver his speech, an address of welcome was made by the mayor. A salute was fired as President Wilson entered the hall at 2:40. The crowd giving a deafening ovation. John McCormick sang the Star Spangled Banner.

President Wilson landed at Commonwealth pier at 11:50 this morning.

When the president left the cutter at the pier, he passed through the ranks of a welcoming committee.

Leaving the pier, the parade progressed through the streets which were lined with thousands held back by ropes and by policemen.

A political automobile filled with officers preceded the president's car. On roofs were soldiers with rifles watching the throng on the streets and people in the windows opposite.

Twenty-two suffragettes were arrested near the state house where they had gathered, intending to ask the president about votes for women.

President Wilson, returning to America today, is confident that congress and the people will approve participation of the United States in a league of nations.

Failure of America to sanction such a course would, he believes, be a great moral blot to the civilized nations now bending their efforts toward a just and lasting peace.

The president is convinced that

SAY BOMB WAS TO BE USED

(By United Press.)

Philadelphia, Feb. 24.—Ten alleged leaders of a plot against President Wilson were arrested in a house here early today. Much seditious literature was found in the same building. The men under arrest are Cubans, Mexicans and Spaniards.

New York, Feb. 24.—In the arrest of fourteen Spaniards, police today asserted that they frustrated a plot to assassinate President Wilson at Boston. Secret service operators said they had evidence which will be used to prove some of the prisoners had planned to kill the president by the use of a bomb.

## WOULD EXPEDITE SHIPPING

"Sailing Day" Plan Will be Discussed  
at Meeting Wednesday

Rushville business men and other shippers are urged to attend a meeting in the lobby of the sheriff's office in the court house Wednesday morning at 9:30 o'clock when the much-discussed "sailing day" plan will be discussed. This scheme, whereby cars of merchandise for given cities will be made up on different roads on alternate days of the week instead of each road making up a car whenever enough merchandise is received, is hailed as a means of expediting shipping. For example, under this plan, the Big Four would have a Cincinnati car on Wednesday and all shippers would be urged to use that road on that day. The Pennsylvania division freight agent will be here to speak in regard to the plan.

## PLANS TO ATTACK REVOLUTIONISTS

War Minister Prepares For Fight in  
Munich, Dispatch Says—Minister Auer is Alive

NO RECOGNITION FOR SOVIET

(By United Press.)

Paris, Feb. 24.—War Minister Rottmayer is preparing to attack revolutionists in Munich, who are being strongly reinforced, according to a Berlin dispatch today.

The dispatch also said that the interior minister, Auer, who was shot Friday and Count Arco-Valley, who shot Premier Eisner, are still alive.

Berlin, Feb. 24.—The German government announced its determination today to refuse recognition to the newly proclaimed Soviet republic in Munich. Military action was expected to be deferred, however, until Bavarians themselves are given an opportunity to overthrow the radicals. Spartan disorders are growing in industrial districts of Germany.

## NAVY DEMOBILIZATION VIRTUALLY COMPLETE

Assistant Secretary Roosevelt  
Makes Disclosures When He  
Arrives With President Today

U-BOATS DRIVEN OUT TO SEA

(By United Press.)

Boston, Mass., Feb. 24.—Demobilization of the American navy abroad is virtually completed.

Assistant secretary of the navy, Roosevelt, who landed with President Wilson, stated that "we now have to reclaim only a mine sweeping base in Scotland and the port facility for navy transportation, bringing the troops home. There are about 8,000 men being held to take over German ships allotted to the United States for transportation."

Roosevelt has been in Europe to complete demobilization work of the navy. He disclosed many hitherto unpublished facts of the American navy's participation in the war.

On the trip over Mr. Roosevelt disclosed to the officers and men of the George Washington how the United States had spent more than \$30,000,000 laying the mine barrage against submarines in the North Sea, and how, by the energy which the United States brought into the war, the submarines were driven away from the coasts, away from the mouths of the harbors, out to sea, where their deadly work would be more difficult, and how the entry of the navy into the war started an effective campaign against the U-boats.

## SENATE ACTS TO SPEED UP ACTION

With Only Two Weeks Left, Upper  
House Decides That Bills Must  
Have Unanimous Support

LIMIT IS PUT ON SPEECHES

State Tax Bill Which Was Passed  
by the House, is Handed Down  
to Senate This Morning

(By United Press.)

Indianapolis, Ind., Feb. 24.—Realizing that the end of the legislative session is drawing near, with a great deal of work yet to accomplish, the senate today adopted measures intended to speed up action.

On motion of Senator Furnas, the senate decided that no bills would be considered during the remaining two weeks of the assembly session unless they received unanimous support of the committee which had them under consideration. This, however, will not apply to political measures. The senate voted to limit all speeches to seven minutes.

The tax bill, which was passed by the house, was handed down to the senate this morning.

Lieutenant Governor Bush recommended that it be considered by the senate as a report of the committee as a whole. No action was taken on recommending it although the measure was not referred to a committee.

The Abrams bill, providing for a platoon system for the fire department in cities of the 1st, 2nd, 3rd, and 4th classes, was recommended for passage.

With the evident determination of keeping the state's expenses at a minimum during the next two years, the house of representatives again met as a committee of the whole this afternoon to discuss the general appropriation bill.

This is the second time the measure has come up before the house, adjournment having been taken last Friday when many protests were made against efforts to increase salaries of state officials through the appropriation bill. There was evident dissatisfaction among the members of the house with such attempts to make the pay of officials higher. Speaker Eschbach of the house declared that he believed that it would set a bad precedent to increase salaries in this manner, although he knew of no statute to prevent it.

The first item taken up this afternoon was that allowing the state board of health \$141,000. Of this amount, the appropriation bill provides \$50,000 for enforcing the pure food and drug laws, transportation, hotel expenses and other incidentals. Representative Smith of Princeton, protested that this was too high, and proposed that it be cut to \$20,000 the amount spent last year.

Smith declared that the total appropriations for the state board of health this year were \$67,000 higher than the expenses of last year, which he declared were abnormal because of war conditions.

The salary increase appropriations on which the house talked, included \$1,500 additional for the secretary of state, bringing his annual wage up to \$7,500 and on an increase of \$500 for the audit clerk in the auditor's department, bringing his salary to \$5,000 a year.

The house has approved a raise in the salary of the adjutant general to \$5,600 a year. The office of quartermaster general has been eliminated and the adjutant now does his work, thus making the position worth more, in the opinion of the representatives.

BILL FOR REFERENDUM

Washington, Feb. 24.—A bill providing for a nation wide referendum on the league of nations was introduced in the house today by Representative Landeen, Minnesota.

## THIEF CAUGHT AT SHELBYVILLE

Probably Same Man Who Attempted  
to Steal "Dope" Here Will be  
Tried for Robbery

BIG HAUL AT CONNERSVILLE

Used Same Camouflage There, Buying  
Corn Plaster and Going Behind Case to Apply It

About three weeks ago a well dressed young man limped into a local drug store and asked for a corn plaster. He also requested that he be allowed to go behind the prescription case to apply it. The local druggist had been warned beforehand that this trick was being played in order to secure morphine. As a result he was closely watched and was unsuccessful in his attempt. The other local drug stores were warned to be on guard for this fellow and the police were told about the case. Perhaps the would-be thief was warned or felt that he was being hunted and did not stay long as no more was seen of him that day.

Judging from reports, he probably went from here to Connersville and was more successful there than he was here. He did the same trick there and secured five hundred quarter grain morphine tablets, two hundred and fifty half grain tablets of the same drug, and a bottle of refined opium at the Alligator Drug Store. He also secured four hundred and fifty quarter grain morphine tablets from the Corner Drug store.

Saturday morning the authorities at Shelbyville arrested a young man there who was trying the same trick and who is said to be responsible for the Connersville thefts. The man will be tried in Shelbyville on a charge of grand larceny, and perhaps the federal authorities will handle him also, because of his tampering with the forbidden opiates.

This man was not a "dope" fiend to all appearances and it is thought that he handled the "dope" for the financial gains. It is believed that he had been stealing in this manner in several parts of the state, and having a colleague to help him, would sell the dope to those who had come under its terrible power, and had not been relieved from the terrible appetite it sets up in the victim.

The news of the discovery of the thief comes as a great relief to the Connersville druggists, who are held to a strict account by law, for all the "dope" they have on hands, and who were wondering how they were to make their report to the state, in the face of an absence of such quantities of the drug, under circumstances which they could in no wise account for.

(By United Press.)

Paris, Feb. 24.—A Soviet republic has been proclaimed in Muremburg the second city in Bavaria, according to a dispatch information today. In Aulberg where an outbreak occurred Friday night, mobs are said to have plundered stores and occupied city halls and newspaper buildings. Twenty-two were reported killed and hundreds injured in the clash with the government cavalry.

One of First Selectives Leaving  
County at Camp Merritt.

Sergt. Eli Kinney, son of Mr. and Mrs. D. M. Kinney of West Tenth street, one of the quartet of Rush county young men forming the first contingent of selective men to leave Rushville, arrived in the United States Saturday, according to word received by his parents, and is now at Camp Merritt, N. J. He is expected home in a few days. Sergt. Kinney was in training at Camp Taylor, Ky. and Camp Sherman, O., and went overseas with the 84th division, in which there were a number of Rush county boys. There is no certainty that any returned home with him, however, because the division was split up in France and used as replacement units.

## MOTION FOR NEW TRIAL ARGUED TODAY

Judge Sparks Hears Argument in the  
Case of State Against J. B.  
Tribbey, Sentenced to Jail

WILLIAM COOK IS DIVORCED

Judge Sparks this afternoon heard the argument in the circuit court on a motion for a new trial in the case of the state against John B. Tribbey of Posey township, who was found guilty by a jury early last Thursday morning and sentenced to serve thirty days in jail and pay a fine of \$50 and costs. Mrs. Blanch Alsmen, who was indicted for the same offense as Tribbey, is to be placed on trial tomorrow. The court has awarded a divorce to William Cook against Annabel Cook, upon payment of costs, and enjoined the plaintiff from marrying for a period of two years.

The claim of Helen Myers for \$782, against the estate of Julius C. Myers of which she is executor, was allowed by Judge Sparks after he heard the evidence. Judgments against the Capp Plumbing and Electrical company for \$93.44 in favor of the H. W. Johns-Manville company and for \$55.66 in favor of the Central Supply company, were awarded by the court.

## INSANE MAN ADEPT AT PICKING LOCKS

George Zimmerman Twice Opens  
Door From cell Room to Residence  
Part of Jail.

HAD NO DESIRE TO ESCAPE.

As a lock picker, George Zimmerman, age 46, who is being held in the county jail until he is admitted to the insane hospital, demonstrated Sunday that he is superior to any prisoner ever inhabited the jail. Although apparently harmless and having no desire to escape from jail, he persisted in opening the door between the cell room and the residence part of the jail yesterday. Zimmerman, who has been employed as a farm laborer in this county, was brought here last Friday by Tom Ertle of Washington township, after he had stopped at Ertle's home and by his actions made it plain that he was unbalanced mentally.

Zimmerman opened the door the first time Sunday afternoon with a half dollar and was found wandering around on the second floor. He was watched more closely afterwards but succeeded in opening the door with an old spoon. After being put back in the second time, Zimmerman worked tirelessly in an effort to open the door again. Zimmerman was declared insane by a lunacy commission Saturday afternoon and will be taken to the state hospital at Madison soon.

## LACK OF INTEREST MAY BEAT HOSPITAL

Many Willing to Wager Not Fifty  
Percent of the Voters Will Cast  
A Ballot Motion.

OTHERS MORE OPTIMISTIC.

Lukewarm Attitude of People Due to  
Fact No Organized Campaign  
Was Undertaken

A bill to reduce the election board in each precinct has passed the legislature and will be signed by the governor this afternoon, county officials announced today. The officers will be reduced to one inspector and one clerk, thus greatly reducing the cost of the election. This will take effect this afternoon and the officers for the special hospital election will be reduced to one inspector and one clerk.

Many were offering to wager today that not fifty percent of the voters of the county would cast a ballot in the county hospital election tomorrow. Although there have been many discussions over the erection of the proposed hospital, the special election has not aroused as much interest as it is believed the question merits. Some persons were found who were optimistic and said the people had taken a greater interest than outward indications showed.

No well organized campaign either for or against the hospital has been attempted, which may account for the lack of interest in the project. While many in sympathy with the hospital movement believe it would be of greater value in Rushville, it is not believed a very large number of this class will allow their opinions regarding the location to lead them to vote against the hospital.

The greatest fear of those favoring the hospital is that not enough voters who would vote for it, if the issue were put squarely up to them, will go to the polls because of a lack of interest, to offset the votes of those who are opposed, mainly because of the supposed expense, and who will take the trouble to vote against it.

The voting places are given herewith, for the information of voters, who should remember that with few if any exceptions they will vote in the place where they voted at the general election:

Rushville Township  
Precinct No. 1, Graham school, inspector E. S. Kennedy; No. 2 Irvin's garage, James V. Young; No. 3, Mrs. Ford's residence, corner

## MISS PHOEBE DUDGEON DIES

Expires of Pneumonia Following  
Influenza in Anderson Township

Miss Phoebe Dudgeon, age 78, died at her home in Anderson township this morning at 3:20 o'clock. Death was caused by the pneumonia following the influenza. She is survived by one sister, Mrs. Laura Hasty of Anderson township, and two brothers, Henry Dudgeon of this city and Jasper Dudgeon of Glenwood. The funeral services will be held tomorrow afternoon at the late residence at 2:30 and burial will be made at the McCarty cemetery.

## DIXIE DOUGHBOYS ARE GOING BACK TO FARM

Ask That Provisions be Made for  
Them on Their Return to Land  
This Year

### MAY ADOPT INTENSIVE PLAN.

(By United Press.)  
Columbia, Tenn, Feb. 24—Back to  
the farm is no imaginary movement  
among the soldiers in the A. E. F.,  
if letters received from many Ten-  
nessee boys now overseas are to be  
taken as accurate indications.  
Scores of these soldiers have  
written to relatives and friends ask-  
ing that provisions be made for them  
to farm this year. One officer who  
was not a farmer before going to  
war has asked his father to have a  
farm ready for him when he re-  
turns.

Others who shunned farm work  
before going to France seem to have  
caught the fever and are asking for  
land to rent or buy. Practically ev-  
ery man from this section who  
farmed prior to entering the service  
has gone back to tilling the soil up-  
on being discharged.

It is thought that the intensive  
methods of the Europeans will be  
adopted by the soldiers when they  
return, thereby increasing the pro-  
duction of Tennessee farms.

the European nations look to the

## AN IMPORTANT FACTOR IN CUTTING SHOE EXPENSE

"Many months of comfort at little  
expense" is the way Charles A. Pear-  
son of San Diego, California, sums up  
his experience with Neolin Soles. Mr.  
Pearson had two pairs of shoes re-  
soled with Neolin Soles, and after  
wearing them for twenty months  
writes: "I will have to get new shoes  
sometime, but so far as the soles are  
concerned, that time seems as far  
distant as when they were new."

This is typical of the experience  
millions are having with Neolin Soles.  
Created by Science to be durable,  
flexible and waterproof, these soles  
are an important factor in cutting  
shoe expense. You can get them on  
new shoes for the whole family, and

## OF COURSE NOT ALL OF US CAN DO THIS, BUT—

(By United Press.)

Washington, Feb. 22—Assistant  
Secretary of War Crowell believes in  
physical fitness, and to keep in trim  
he takes a horseback ride daily at  
the lunch hour. At the department he  
has a private tub for a bath there-  
after.

Secretary Baker, on the other  
hand, doesn't believe in physical ex-  
ercise for himself. He told callers one  
day when they asked him to join the  
cabinet athletes' class. "I've been a  
stationary engine 45 years; it's no  
use trying to make me a locomotive  
now."

Every mother knows that coughs and colds, neglected, may lead to the most dread diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold.

The wise mother gives

Foley's Honey and Tar

at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.

Mrs. M. E. Schlabb, Ashland, Penn., writes: "Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl gets a cold on her chest, I give her a few doses, and it relieves her right away."

For months Rushville readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is apt to have more or less trouble with his kidneys. At times I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, causing me to get up at night. The Reason Why

We Can Guarantee

If a machine is to be guaranteed for five years it must be built so it won't break down. Every part must be as strong as the rest—no weak points. Something besides "bullstrength and awkwardness" has been brought to bear in the production of the RUSHVILLE SPECIAL Spreader. The theory in developing this spreader has been to remove the unnecessary strain throughout the entire machine, so that the natural strength and staying qualities of good material and good workmanship, could develop the greatest possible strength and durability.

It was on this theory that the BULL DOG beater wheel and the NO-CHOKE Box were conceived and embodied as a part of this machine. These two features reduced the strain and heavy wear on the RUSHVILLE SPECIAL so that at least 30% of the usual strain on other spreaders is absolutely cut out by these inventions.

The SELF-OILING journal bearings, the Litchfield style of a single lever which starts, stops and regulates all parts of the machine, and the general simplicity cuts down the possibility for trouble and breakage to such an extent that the machine is practically "Fool Proof."

The front construction which the circle front and the Litchfield Style of bracing from the front axle to the cross bar under the machine, the END-LESS conveyor with the SELF-CLEANING hinged sections, the self-aligning beater wheel bearings, the riveted teeth in the cylinder bars, the cross trussed and re-inforced frame, the steel hub wheel and other special features found only on the RUSHVILLE SPECIAL Spreader, all combined give the great strength, durability and long life which enables the Litchfield Mfg. Co. to give every purchaser of a standard spreader a written contract guaranteeing it for five years.

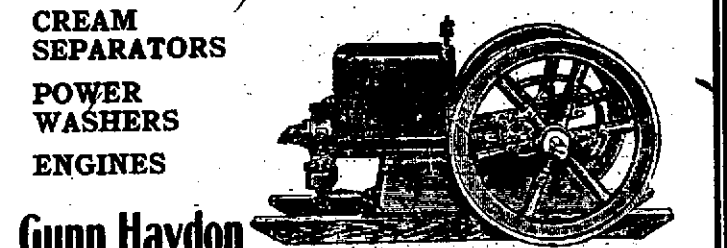

All possible cause for trouble, breakage, and accident are studiously removed and overcome. This statement is strong and so is the machine. The Company is behind it and so am I.

**The Drive Organizations.**

Some of the country's leading bankers said not more than \$500,000,000 could be raised by a popular subscription to the Liberty bonds. These men must have opened their eyes when nearly \$7,000,000 came rolling in.

One of the most remarkable war achievements was the creation of the enormous machine of volunteer solicitors for the various drives, covering small villages as well as large cities. At first it proved difficult to get solicitors. Some of our most forceful talkers who thought it strange the war work did not go better, were very eloquent in their excuses, when asked to get out and solicit. But gradually it appeared that there are many people with public spirit, willing to work. The war ended with a superb organization of volunteer money raisers.

These constitute a force of untold power for community purposes which should be kept alive. About every year in every community, there

should be one big sweep for the various causes that appeal to everybody.

Town progress is held back by difficulty in raising funds. Some people are more afraid to walk up to a man's front door and ask him for a five, than our boys were to go up against a Boche with a saw-toothed bayonet. They should not be. A solicitor for a community cause represents the conscience and progress of his town. The man to slink off with his tail between his legs, is the one who won't give his share. There is money enough in Rushville for everything the town should have. It is merely a question of systematic soliciting to show people that if they want the town to go ahead, they must "come across".

There was an efficient force of war drive workers here. They should keep up the organization and use it for community drives for local public causes.

**Let the League do it.**

The president of the U. S. Food Administration Grain Corporation "protests that America shall not place the power to name the value of its products in the hands of any concentrated buying agency, no matter how friendly." But why not give that power to the forthcoming League of Nations? We are to give that League the power to say when we shall go to war; we are to give that League power to say when we shall send our citizens overseas as soldiers to settle the international disputes of Europe; we are to give that League power to determine innumerable questions regarding our international relations—why not give the League power to say what price we shall sell the wheat for which the government is to pay the farmers \$2.26? Are not a few million dollars of less consequence than our international relations and the lives of our soldiers?

Some people say they won't ad-

**PURDUE SHORT COURSE ON ORCHARDS MAR. 1**

Care and Management of Orchards Will be Discussed in Detail by Prof. Burkholder

**TO STUDY PROPER SELECTION**

Lafayette, Ind., Feb. 24.—"An apple orchard must be properly started in order to lay the foundation for future success. A poorly started orchard rarely turns out to be anything but a disappointing failure", says C. L. Burkholder, of the Purdue University horticultural extension staff.

Some of the things of fundamental importance in starting a young orchard are proper selection of varieties and their weak and strong points in different sections of the state. Some varieties have a tendency to bear annually, others biennially. This is an important point to consider in choosing varieties for commercial orchards. The Grimes Golden, one of the most profitable kinds in Indiana, has a tendency to show collar rot. How this fault can be overcome will be discussed by Burkholder at the 'Fruit Growers' Short Course to be given at Purdue University March 1.

The soil management in young apple orchards during the first few years is of utmost importance in the final success of the orchard. Methods of planting and proper setting as regards to pollination will be discussed. The handling of orchards in hilly sections of the state also will be taken up in detail, by Prof. Burkholder, who has taken up the study of commercial orchards in detail.

## FIRST WIN-MY-CHUM SERVICE HELD SUNDAY

Special Epworth League Meetings Will Continue at St. Paul's Church All Week

### DR. WALKER SPEAKS TONIGHT

Dr. J. M. Walker, district superintendent, will make a talk at the Win-My-Chum service of the Epworth League to be held at the Methodist church this evening from 7:30 until 8:30 o'clock. Dr. Walker is particularly interested in young people's work and is a powerful speaker. The Rev. C. S. Black and Mrs. George Hogsett will sing a duet.

Last night's meeting gave the week's services an enthusiastic start with several inspiring talks and musical numbers bearing on the subject "Winning My Chum." Dr. D. Ira Lambert of the First Presbyterian church gave an excellent address, urging the young people to use their influence in bringing others to Christ. His talk was well illustrated with a number of well told stories. E. B. Thomas closed the meeting with another good talk on the rare opportunity open to the young people during the coming week.

The service will be held each evening this week with the exception of Saturday, at 7:30 o'clock, and everyone is urged to attend.

## Amusements

**Serial Picture at Mystic**  
"The Lure of the Circus," a continuation of the same picture will be shown at the Mystic theatre tonight. When Eddie Polo was appearing in the various episodes of "The Lure of the Circus," the sensational serial in which he has created a furor in motion-picturdom, one of the scenes called for an escape from a huge lion.

"You're all wrong, mister," Eddie told the director. "It isn't done any more. If I went in there and escaped, nine-tenths of the picture fans would cry 'fake.' I'm going in against that big fellow in the menagerie and I'm going to show you a regular honest-to-goodness battle."

There was a battle, the like of which nobody in pictures ever saw before, but in the end, Eddie, who comes from a family of famous circus performers and lion trainers, was the victor.

"Now stop the camera," he called, and when the cameraman heaved a sigh of relief, Eddie forced the giant Nubian to lie down. Then Eddie stretched out beside the animal and shouted:

"Start turning again and you've got a picture the fans will howl their heads off about."

### Bryant Washburn at Princess

Bryant Washburn will be shown at the Princess theatre tonight in, "The Way of a Man With a Maid," and "Burton Holmes Travels" is on the program as an extra. Tuesday Fred Stone, the famous comedian is featured in an honest to goodness thriller, "The Goat." Thursday and Friday the big Drury Lane spectacle "Sporting Life."

### HOCKMAN TRIAL TO START

Indianapolis, Ind., Feb. 24.—The trial of Frank K. Hockman, who is alleged to have assaulted and robbed Henry Campbell, Indianapolis capitalist of \$5,000, was scheduled to start before Judge Collins in criminal court today. Hockman, an army captain, in company with a woman who was not his wife, according to police, was captured at Muncie where he had gone in a new auto which he had purchased with the money he procured from Campbell.

An Englishman has invented a cover for hatchways on vessels that operates on the principle of a roll-top desk.

## NEW SALEM BOY TO ENTER WEST POINT

Corporal James P. Moore Appointed by Rep. Elliott and is Studying While With A. E. F.

### ENLISTED IN THE ARMY AT 17

One Rush county boy at least will make the army his choice for the future when he arrives from "over there." Corporal James P. Moore, Battery D, 16th Field Artillery, A. E. F., will enter West Point Military academy and fulfill his ambition for a higher education, and qualify for a commission in the regular army according to word received here. Corporal Moore is the son of Mrs. Rose Moore of New Salem. Corporal Moore enlisted when he was 17, leaving high school to do so.

Corporal Moore wrote to Representative Elliott some time ago and expressed his desire to make the military life his choice, and asked that he be appointed to West Point. Representative Elliott had an appointment to make and he immediately did so for Corporal Moore. As a result, he is attending a special school in France so that he will be better prepared to pass the entrance examination to the Academy. West Point is one of the best schools in the United States and as a military academy ranks among the first in the world. The work given there is of the highest standard and Corporal Moore friends hope he will realize his high ambitions for a better education and qualify for a commission as an officer in the United States Regular Army.

### CHAMPION WALKER

Walter E. Smith is undoubtedly the champion long-distance walker of Rush county. In the summertime, he gets his exercise on the tennis court, but lacking the facilities of an indoor court, he has turned to walking as a substitute in the wintertime. Ten miles was the best hike he had made up until yesterday when he walked to Connersville, a distance of seventeen miles. Mr. Smith chose the Indianapolis & Cincinnati traction line. His reasons are apparent.

## The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres. Disc twenty acres with a seven-foot tandem disc. Harrows forty-five to fifty acres with a 15-foot harrow. Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator. Harvest ten acres with a corn binder. Cut twenty acres of wheat with an eight-foot binder. Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power. This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction. When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate. Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

Among the many social events given in honor of the house guests of Miss Henrietta Coleman, the Misses Genevieve Brown and Helen Scott of Winamac, Carrie Ong of Columbus and Ruth Bezell and Miss Conte of Indianapolis, was the Bridge party given by the hostess at her home in East Sixth street Saturday afternoon. The guests enjoyed the afternoon playing Bridge, and Miss Conte rendered several vocal selections. At the close of the affair a delicious luncheon was served.

Saturday evening Miss Coleman entertained informally for her house guests.

The Misses Nora and Mary Sleeth gave a prettily appointed farewell tea party yesterday afternoon in honor of Miss Coleman's house guests. The spacious rooms were decorated with bouquets of spring flowers and the afternoon socially over the tea tables. The guests left late yesterday afternoon for their separate homes.

Miss Conte was guide for Miss Coleman, Miss Ong, Miss Brown and Miss Scott when they went abroad during the summer school vacation a few years ago.

Miss Margaret Cooning was the gracious hostess last evening when she delightfully entertained a number of her friends with a pitch-in supper at her home, in North Sixth street, the occasion being her birthday anniversary. The rooms of her home were all decorated in red, white and blue crepe paper draped from the ceiling. On the table at which a three course supper was served at seven o'clock, were two dolls dressed like Martha and George Washington, holding red, white and blue ribbons, extending to the places and tied to small red, white and blue hatchets that served as place cards for the guests. The Misses Margaret Kirk and Florence Cooning served the different courses of the meal and Miss Libby Schatz furnished the music for the evening. The afternoon and evening was spent in dancing and playing different games. About ten o'clock a light luncheon was served to the guests who included the Misses Margaret Cooning, Stella Offutt, Mary Ellen Hughes, Ruby Sparks, Mildred Kirk, Gladys Leyden, Marie Perkins, Libby Schatz, Frances Dugan and Ruth Smythe of Connorsville, Lindley Taylor, Roy Linscott, Roger Kennedy, Ross Tweedy of Carthage, Harry Rever of New Salem, Herbert Martindale of Milroy, Clyde White, Clarence Jordan, Walter Stevens and Wayne Daubenspeck.

**For Spring**

Whether you are just going into your new home or adding a few fresh touches for Spring to the old home, you will need something from our floorcovering department. We are glad to announce we have a very complete showing of new patterns in carpets, linoleums and rugs of all sizes.

Tapestry, Axminster, Velvet, Royal Wilton, Body Brussels, in fact every kind of rug you could wish for—we are showing in neat all over patterns—just the rugs to make your home look fresh and attractive this spring. Royal Wiltons of fine worsted, with the colors dyed in the wool, are among the best wearing rugs made.

Your carpets which you may choose, we make and lay for you. Our splendid service is more than gratifying to our customers. We show the largest line of three quarter carpets in this part of the state. We have the carpets on the floor and do not show from samples.

We invite comparison to our QUALITY and PRICES.

**A FEW REASONS WHY WHITTALL RUGS and CARPETS ARE SOLD BY US**

No Rugs or Carpets made in America compare with Whittall's in quality, design and coloring. These facts are recognized where Whittall goods are known, and you have only to see these beautiful floor coverings to grow as enthusiastic in their praise as we have been since we began to feature them five years ago. All Whittall designs are faithful productions of the choicest Orientals. The yarns used are all imported from the Orient, and the best vegetable dyes only make their fast colors, which are as durable as possible to produce. They are made in the widest range of sizes, in six different grades.

IT IS TRUE

That not much building is being done these days, but folks are improving their old homes instead of building new ones.

Interior decoration is getting considerable consideration. Many people are keeping that promise they made to themselves—"To paper those rooms as soon as the war is over." Now is the best time for you to keep that promise, too, while our stock is new and fresh.

Many of our customers have been so pleased with our 1919 decorations they have made selections for every room in the house and are having it applied now to avoid the usual spring "Rush." Why not profit by their wisdom and make your selections soon? We are glad to suggest appropriate combinations.

INTERNAL REVENUE

AMOUNTS ARE FIXED

Collectors are Receiving Frequent Inquiries Concerning The "Gross Income."

RETURN MUST BE COMPLETE

Taxpayer is Required to Account for Practically Every Dollar Earned in 1918

Collectors of Internal Revenue are receiving frequent inquiries as to the amount to be included under "gross income" in their income tax returns. In making out his return of gross income, the taxpayer is required to account for practically every dollar he received during 1918. The following items must be reported.

Salaries, wages and commissions for personal services, including bonuses.

Interest received on notes, and deposits in banks including savings banks.

Dividends on stock, whether received in cash or stock.

Only dividends paid out of earnings or profits accrued since March 1, 1913 are taxable but dividends are deemed to be distributed out of the most recently accumulated earnings.

Profits resulting from purchases and sales of property, real or personal. If the property was purchased before March 1, 1913 the profit is based on the difference between the selling price and the fair market value or price as of March 1, 1913.

Profit from stock market transactions.

Income received from fiduciaries, is amounts received from income of estates, trusts, etc., through trustees, administrators or executors.

Net partnership profits, whether divided or distributed or not.

Royalties from mines, oil and gas wells, patents, copyrights and franchises.

The following items are not taxable and need not be included in the return:

Property received as a gift or by will or inheritance. It must be understood, however that the income derived from such property is taxable.

Proceeds of life insurance policies.

Returns of premiums on life endowment and annuity policies.

Interest on securities issued under the provisions of the Federal Farm Loan Act of July 17, 1916.

Amounts received through accident or health insurance, or under workmen's compensation acts, plus the amount of damages received, whether by suit or agreement on account of such injuries or sickness.

Amounts received during the war by a person in the military or naval forces for active service up to \$3,500.

Interest on obligations of any state or political sub-division of a State, such as a city, county, town or village and the District of Columbia. Interest on obligations of the United States is exempt, except that interest on obligations issued after September 1, 1917, is exempt only to the extent provided in the Liberty Loan Acts.

Interest on Liberty Bonds to the par value of \$5,000 is exempt from all taxation. Holders of large amounts of Liberty Bonds are advised to consult their bankers or collectors of internal revenue as to their interest exemptions.

### CAPTURES CONVICT ESCAPED FROM PRISON

Friends of Jerry Scott Are Urging That Some Sort of Medal be Awarded Him

#### MARCHES MAN TO OFFICERS

(By United Press.)  
San Rafael, Cal., Feb. 24.—Friends of Jerry Scott 17, are urging that some sort of a medal of honor be given the lad.

Jerry, who is a Boy Scout, was told by his mother that a rough looking man who looked like an escaped convict, was in the back yard of their home. He shouldered his rifle and went to investigate.

The man proved to be George Godfrey, a figure of six feet and 200 pounds, who had escaped the previous night from San Quentin prison.

Jerry recognized him. He forced the convict to elevate his hands and marched the man two blocks up the street to officers of the law.

### QUICK RELIEF FROM CONSTIPATION

#### Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

### Public Sale Dates

If you contemplate holding a sale I will appreciate your date as soon as possible as you will note by this ad that I am constantly giving your sale that same broad advertising that I have always given in the past.

### JOHN DAGLER LEASES HENRY COUNTY TRACK

One of The Widely Known Trainers of Light Harness Horses Will Conduct Training Stable

#### FORMERLY OF THIS CITY

The following story from the Newcastle Courier tells of John Dagler, formerly of this city, leasing the Henry county fair grounds to conduct a public training stable:

John Dagler, one of the widely known trainers and drivers of light harness horses, has leased the Henry county fair grounds and will establish a public training stable. Mr. Dagler has just disposed of his interests at the Reidston farm near Richmond and is preparing to move to Newcastle. The coming of Mr. Dagler to Newcastle and the opening of the training stable at the fair grounds is expected to stimulate interest in the harness game in the county. Under his arrangement with the fair board, he takes the track and grounds for one year.

He will bring several head of horses with him, including John Lackey, who was a sensation on the tracks in eastern Indiana last year. He has a place for three or four good horses in his stable and the prospects are bright for a successful season. Mr. Dagler was in the city today and will move here shortly. He is a member of the well-known Dagler family of horsemen of Rushville and has been a successful trainer for many years. In coming to Newcastle, Mr. Dagler recognized the track here as one of the best in this part of the state and there promises to be plenty of activity at the track th coming spring and summer.

### AUTOS WERE ABOUT TO BECOME VERY SCARCE

Only 3 Days Supply of Machines Left When Armistice Was Signed Nov. 11.

#### CURTAILMENT CAUSED DEMAND

(By United Press.)  
Washington, Feb. 24.—Only three day's supply of new automobiles were left in the hands of manufacturers on Nov. 11, when the armistice was signed, according to the report of C. C. Hanch, chief of the automobile products section of the war industries board.

The curtailment of manufacturing during the war built up the biggest demand the country has known for several years, the report indicates, and a period of great activity among the passenger car producers is indicated.

Some months will be required for manufacturers to reconvert their plants from war plants back to the normal basis, and the production of cars for 1919 probably will not reach the figures of 1917 when the production passed the one million mark.

Normal production on a large scale in the bigger plants probably will not be reached before next summer.

### GUN THAT FIRED UPON PARIS STILL A MYSTERY

American Officers Attempted to Elicit Some Details of the Big Pieces From Germans

#### SECRET FROM HUN OFFICERS

(By United Press.)  
With the Third Army on the Rhine, Feb. 2. (By Mail)—The secret of "Big Bertha," the huge gun that fired upon Paris, still is jealously guarded. From a commission of high German artillery experts sent to confer with the Third Army, American officers attempted to elicit some details of the big guns.

The German officers frankly admitted that they knew little about it. They declared that information about the "Big Berthas" was kept secret even from the highest German artillery officers. Only few specially picked officers knew of the locations or details of the monsters, and the crews of picked men were sworn to secrecy and kept isolated from other soldiers.

The crew were under oath to commit suicide to avoid capture or revealing information about the guns. The German officers claimed they did not know what became of the guns after the armistice, but believed they were destroyed.

### MEASURE MAY BE AMENDED

Efforts Will be Made to Change Anti-German Bill in House

(By United Press.)  
Indianapolis, Ind., Feb. 24.—When the McCray bill preventing teaching of German in grade schools of the state, comes up for second reading in the house, probably late today efforts were to be made to amend the measure, so that it will include all foreign languages. The bill now specifically prevents teaching of German, or by use of the German language. Representative Lowe declared that he wished to see that all foreign languages, and not only German, were eliminated from the grade schools of the state. One foreign language is apt to cause just as much harm as another, he declared, as the object of the entire legislation was to aid in the Americanization movement.

There are 3,000 English words that are not found in most dictionaries.

### Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

## DAILY HEALTH TALKS 69 INDIANA MEN REPORTED TODAY

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backache, headache, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

## Make the Pennies Bigger

When James Buchanan was President and tall beaver hats were in vogue; when gentlemen wore broad cravats and ladies wore hoop skirts the pennies they tossed to children were as big as quarters. But the cart-wheel coppers your grandfather got for keeping his lace collar clean were not as big in buying power as the pennies of today.

A penny then might buy a pastry, or ten of them to take one to the Fair, but your great-aunt and great-uncle couldn't have gone to a movie at any price.

Your great-grandfather may have driven the fastest horse in the country and paid a tidy sum for it. But the price of a stable of thoroughbreds would not have bought him a liver.

Sixty years ago the ladies could go shopping for dry goods and buy silks that would make you green with envy, linens that were linens and broadcloths that beggar description. But what their favorite store did not have they usually got along without.

You can pick up your daily newspaper and in fifteen minutes you can know what the different shops are offering in fabrics, patterns, varieties and qualities that great-grandmother never dreamed could be gathered together under any conditions.

Times have changed, and so have merchandise and business methods. One of the influences that has helped to bring about so

much of change, that has helped to multiply opportunities and increased the spending size of our pennies is advertising.

Every merchant, every manufacturer knows that advertising materially reduces selling costs by increasing the demand for and the distribution of the products of hundreds of thousands of mills. Indeed many of the things we count today as necessities or simple luxuries could not be made and sold at their reasonable prices except as advertising has created a broad market for them, making millions of sales at little prices and little profits.

And so you owe much to advertising. You owe much to the people of yesterday who have read and been influenced by past advertising and so have made possible the economies and varieties and wide distribution of merchandise that you enjoy.

You owe present advertising a thorough reading. A greater familiarity with advertised merchandise makes continually for the increasing size of your pennies.

## SENATE IS READY FOR BILL

Is Prepared For Rapid Work on Tax Law When it is Received

(By United Press.)

Indianapolis, Ind., Feb. 24.—The senate today was prepared for rapid work on the state tax law, as soon as it is received from the house. As the bill contains about 140 printed pages, engrossment will take several days.

Senators McCray, McConaha, Douglas and Grant are on the conference committee appointed by Lt. Gov. Bush to confer with house members regarding some amendments which the lower house committee wishes inserted.

### For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.
